Are URS and UDRP Complaints Valuable Post-GDPR?

July 11, 2018

In a post-GDPR world, it's really important not to underestimate the value of UDRP (Uniform Dispute Resolution Policy) and URS (Uniform Rapid Suspension System) complaints. They are still going to be valuable and useful when you are pursuing domain name abuse issues. It will be more challenging, but we need to accept that, move forward and use these mechanisms to our advantage the best that we can.

Watch Annie Allison's video and learn more about effectively utilizing UDRP and URS.
